**DRAFT Minutes of November 4, 2015 Langley Research & Development Park Business Association  
Regular Meeting**  
Submitted by Carol Kleemeier

Old Business:

1. It seems as if the new left turn lane at Floyd Thompson Blvd and Magruder Blvd , when leaving the business park, still does not have a sensor to allow the traffic signal to know that someone is there. This has been brought to City of Hampton's attention previously.

New Business:

1. Lengthy discussion was held regarding Hampton Roads Center Owner's Association (HRCOA) Marketing Advisory Committee.
2. It was decided that several members of our association will attend their December 2, 2015 meeting.
3. Large amounts Geese are present in the business park since the construction of the large storm water drainage pond at the intersection of Floyd Thompson Blvd. and Research Drive.

Our next scheduled meeting will be January 13, 2016 at 1130 at Vigyan
